<u>BRIEF CIRCUMSTANCES OF LOSS</u>
<p>Typhoon Glenda, also known as Rammasun, the strongest storm to hit the country this year, passed to the south of Manila on Wednesday after cutting a path across the main island of Luzon, toppling trees and power lines and causing electrocutions and widespread blackouts. As of noon Wednesday, Glenda was moving toward the West Philippine Sea after having weakened slightly. It packed maximum sustained winds of 140 kph near the center and gustiness of up to 170 kph, and is forecast to move northwest at 25 kph. On Thursday morning, the Philippine Area of Responsibility, PAGASA said. Storm Signal No. 3 is still up over Zambales, Tarlac, Pampanga, Bataan, Bulacan, Rizal, Cavite, Lubang Island, Pangasinan, and Metro Manila. Under Storm Signal No. 2 are: La Union, Benguet, Nueva Vizcaya, Nueva Ecija, Southern Aurora, Northern Quezon including Polillo Islands, Laguna, Batangas, and northern parts of Oriental Mindoro and Occidental Mindoro. Meanwhile, the following areas are under Storm Signal No. 1: Ilocos Sur, Mountain Province, Ifugao, Quirino, rest of Aurora, Camarines Norte, Marinduque, rest of Oriental Mindoro and Occidental Mindoro, and Calamian Islands.</p>

Your Insured properties located at Cypress point tower, 1st Ave., Crescent Park West, Global City, Taguig, were affected by typhoon "Glenda" the strong wind sipped in through the cracks of the exterior wall causing substantial rain waters entered freely inside the Insured premises. Accordingly,
